

## **Cumbria Wind Energy Supplementary Planning Document and Sustainability Appraisal Report Statement of Matters**

Allerdale Borough Council, Carlisle City Council, Copeland Borough Council, Cumbria County Council, Eden District Council, the Lake District National Park Authority and South Lakeland District Council are inviting public views on the Cumbria Wind Energy Supplementary Planning Document and its associated Sustainability Appraisal Report. This guidance is being jointly produced and consulted on by the above local planning authorities.

The Supplementary Planning Document provides guidance on environmental, social and economic considerations associated with wind energy development, including landscape capacity, design, cumulative effects, and the preparation of landscape and visual impact assessments.

The Sustainability Appraisal Report considers how the Supplementary Planning Document can contribute to Cumbria's overall sustainability.

The Supplementary Planning Document will be used in the determination of planning applications. The guidance covers the whole of Cumbria, including the Lake District National Park, but excludes the part of Cumbria in the Yorkshire Dales National Park.

Representations on the Supplementary Planning Document and Sustainability Appraisal Report are invited from Monday 30 October until 4pm on Friday 8 December 2006. The consultation is being coordinated by Cumbria County Council on behalf of the group of local planning authorities. Representations should be submitted to the county council through the contact details below.

The documents and response form are available to view at the following offices:
