Subject: FW: Eden Local Plan 2014-32 - Responses to Representations

Dear Mr Nicol,

Eden Local Plan 2014-2032 - Responses to Representations

I am contacting you regarding the representations you made to the Eden Local Plan 2014-2032 (Regulation 19) Consultation in November 2015.

In response to all representations received during this consultation stage, the Council published a statement which is intended to assist the Inspector in determining where there are areas of common ground or disagreement.

The Responses to Representations Statement (EL1.003) can be viewed here:

The Council agreed with a number of representations and has therefore requested either that modifications be made through the Main Modifications document (AD02) or has indicated in the above statement that the requested amendments have been accepted.

The Council considers that it has addressed the following representations that you submitted:
