

National and Local Checklist Guidance for Applications for Prior Notification of Agricultural or Forestry Development - Proposed Building

All applications must be accompanied by the appropriate fee. All submitted plans must incorporate a drawing number and title (revised plans submitted must include suffixes and specify the nature of the revision).

This note is for guidance only and the Council welcomes pre-application discussions, particularly for more complicated applications, to help ensure that the right information is submitted.

National Requirements

1. Application Form

The completed application form should be signed and dated including a clear and concise description of the proposed development. A signature is not required on electronic submissions.

Please note the following definitions for guidance relating to question 5.

Proposed agricultural unit refers to the total extent of the farm holding. This can comprise of separate parcels of land.

Parcel of land refers to a separate parcel of land which is defined as land being within the agricultural unit, but which is separated by land in different ownership or by a public highway.

2. Site Location Plan

This is to enable the Local Planning Authority, consultees and the public to identify the property. The site location plan (ordnance survey based) drawn typically at a scale of 1:1250 or 1:2500 but wherever possible the plan should be scaled to fit onto A4 or A3 size paper. Plans should identify sufficient roads and/or buildings on land adjoining the application site to ensure that the exact location of the application site is clear.

The application site must be edged clearly with a red line (the red line should include all land necessary to carry out the proposed development, for example, land required for access to the site from a public highway, visibility splays, landscaping, car parking and open areas around buildings). A blue line must be drawn around any other land owned by the applicant.

We will accept any location plans downloaded from the Planning Portal website www.planningportal.gov.uk and plans can also be obtained from Penrith Library.
