Application for a Permit
Local Authority Pollution Prevention and Control
Pollution Prevention and Control Act 1999
Environmental Permitting (England and Wales) Regulations 2010**

For Local Authority Use Only		
Application Reference	Officer Reference	Date Received

Introduction

When to use this form

This environmental permitting regime is known as and referred to as Local Authority Pollution Prevention and Control, LAPPC. Installations permitted under this regime are known as B installations. Use this form if you are sending an application for a ‘Part B’ permit to a Local Authority under the Environmental Permitting (England and Wales) Regulations 2010 (“the EP Regulations”).

Before you start to fill in this form

You are strongly advised to read the relevant parts of the DEFRA ‘Environmental Permitting General Guidance Manual on Policy and Procedures for A2 and B Installations’ issued for LA-IPPC and LAPPC, available on <https://www.gov.uk/>.

This contains a list of other documents you may need to refer to when you are preparing your application and explains some of the technical terms used. You will also need to read the relevant Process Guidance note. The Environmental Permitting Regulations available on: <http://www.legislation.gov.uk/>.

Which parts of the form to fill in:

You should fill in as much of this form as possible. The appropriate fee must be enclosed with the application to enable it to be processed further. When complete return to:

Eden District Council, Mansion House, Friargate, Penrith, Cumbria CA11 7YG

Other documents you may need to submit

There are number of other documents you may need to send us with your application. Each time a request for a document is made in the application form you will need to record a document reference number for the document or documents that you are submitting in the space provided on the form for this purpose. Please also mark the document(s) clearly with this reference number and the application reference number, if you have been given one, which will be at the top of the form overleaf. If you do not have either of these, please use the name of the installation.

Using continuation sheets

In the case of the questions on the application form itself, please use a continuation sheet if you need extra space; but please indicate clearly on the form that you have done so by stating a document reference number for that continuation sheet. Please also mark the continuation sheet itself clearly with the information referred to above.

Copies – not relevant for e-applications

Please send the original and 3 copies of the form and all other supporting material, to assist the Authority in conducting any necessary consultation process.

If you need help and advice

We have made the application form as straightforward as possible, but please get in touch with us at the Local Authority address given above if you need any advice on how to set out the information we need.

B1 About the Installation

Please fill in the table below with details of all the current activities in operation at the whole installation.

In **Column 1, Box A**, please identify all activities listed in Schedule 1 to the EP Regulations that are, or are proposed, to be carried out in the stationary technical unit of the installation.

In **Column 1, Box B**, please identify any directly associated activities that are, or are proposed, to be carried out on the same site which:

- have a technical connection with the activities in the stationary technical unit
- could have an effect on pollution

In **Column 2 for Boxes A and B**, please quote the Chapter number, Section number, then paragraph and sub-paragraph number as shown in Part 2 of Schedule 1 to the EP Regulations. For example, Manufacturing glass where the use of lead or any lead compound is involved, would be listed as Chapter 3, Section 3.3, Part B(b).

B1.2 Why is the application being made?

- The installation is new
- The installation is existing, but changes to the installation or the EP Regulations means that an LAPPC Part B Permit is now required.

B.1.3 Site Maps

Please provide:

- A suitable map showing the location of the installation clearly defining extent of the installations in red

Doc Reference _____

- A suitable plan showing the layout of activities on the site, including bulk storage of materials, waste storage areas and any external emission points to atmosphere

Doc Reference _____

B2 Installation

Please provide written information about the aspects of your installation listed below. We need this information to determine whether you will operate the installation in a way in which all the environmental requirements of the EP Regulations are met.

B2.1 Describe the proposed installation and activities and identify the foreseeable emissions to air from each stage of the process (this will include any foreseeable emissions during start up, shut down and any breakdown/abnormal operation)

The use of process flow diagrams may aid to simplify the operations

Doc Reference _____

B2.2 Once all foreseeable emissions have been identified in the proposed installation activities, each emission should be characterised (including odour) and quantified.

Atmospheric emissions should be categorised under the following

- (i) point source (eg chimney/vent, identified by a number and detailed on a plan)
- (ii) fugitive source (eg from stockpiles/storage areas)

If any monitoring has been undertaken please provide the details of emission concentrations and quantify in terms of mass emissions. If no monitoring has been undertaken please state this.

(Emission concentration = e.g. milligrams per cubic metre of air; mass emission = e.g. grams per hour, tonnes per year)

B2.3 For each emission identified from the installations' activities describe the current and proposed technology and other techniques for preventing or, where that is not practicable reducing the emissions into the air. If no techniques are currently used and the emission goes directly to the environment, without abatement or treatment this should be stated.

Doc Reference _____

B2.4 Describe the proposed systems to be used in the event of unintentional releases and their consequences. This must identify, assess and minimise the environmental risks and hazards, provide a risk based assessment of any likely unintentional releases, including the use of historical evidence. If no assessments have been carried out please state.

Doc Reference _____

B2.5 Describe the proposed measures for monitoring all identified emissions including any environmental monitoring and the frequency, measurement methodology and evaluation procedure proposed (eg particulate matter emissions, odour etc). Include the details of any monitoring which has been carried out which has not been requested in any other part of this application. If no monitoring is proposed for an emission please state the reason.

Doc Reference _____

B2.6 Provide detailed procedures and policies of your proposed environmental management techniques, in relation to the installation activities described.

Doc Reference _____

B3 Impact on the Environment

B3.1 Provide an assessment of the potential significant local environmental effects of the foreseeable emissions (for example, is there a history of complaints, is the installation in an air quality management area?)

Doc Reference _____

B3.2 Are there any sites of special scientific interest (SSSIs) or European protected Sites which are within either:

- 2 kilometres for an installation which includes Part B combustion, incineration (but not crematoria), iron and steel, and non-ferrous metal activities, or
- 1 kilometre for Part B mineral activities and cement and lime activities, or
- ½ a kilometre for all other Part B activities

No

Yes please give names of the sites
