What we mean by Community Led Housing:

- The project is genuinely understood and supported by the community
- The homes are owned or managed by a group of people in the community
- The benefits to your local community which you create are legally protected in perpetuity

The hub will:

- provide one-to-one support to help groups progress more quickly
- introduce relevant professionals and connect with local planners
- identify other potential partners
- create networking opportunities with other community led housing groups
