Dear Mr Middleton

Eden Local Plan Examination – Schedule of Further Main Modifications

We are pleased to attach a draft schedule of Further Main Modifications, as requested by the Inspector, for his endorsement prior to the commencement of further public consultation.

The schedule of Further Main Modifications, in the opinion of the Council, is necessary to make the Local Plan sound. For the avoidance of any doubt, the attached schedule should be regarded as the most up-to-date schedule, which supersedes any previous schedule and individual modifications within.

I am therefore requesting your endorsement of them as a basis to proceed with the requisite public consultation. As soon as I receive your endorsement, I will proceed with arrangements to advertise and progress the consultation as soon as possible.

The Further Main Modifications consultation will be accompanied by a further Sustainability Appraisal Addendum. In addition, the consultation will be supported by a range of background documents, including the Further Minor Modifications schedule, which the Council will not be seeking comments upon.

Our intention is to undertake the public consultation for a period of at least 6 weeks together with associated press releases and use of social media.

Yours sincerely

Rachael Armstrong
Senior Planning Policy Officer
