Thank you for your letter which I have forwarded on to the Inspector who is in active contact with the Council concerning the current situation. His recent letter to the Council on this theme is attached for your information and this is in the process of being added to the Examination webpage, as will the Council's response once received. I will keep you directly informed when this is available and also, of course, regarding the overall direction of the Examination.

I have also taken the opportunity to copy in this email to the Council team.

Tony
