Mr John Slater
John Slater Planning Ltd

9 August 2021

Dear Mr Slater,

PENRITH NEIGHBOURHOOD PLAN – BEACON HILL

I refer to your Post Hearing Notes dated 10th February 2021 and your "letter from examiner". The Notes state:

"During the hearing I offered a possible alternative solution, that rather than stretching the definition of LGS in order to secure the protection of the wooded slopes of Beacon Hill, which the community clearly aspired to, one possible option would be to look as to whether a separate policy could achieve both the aspirations of the Town Council - to protect the forest area so close to the town from inappropriate development yet which would not frustrate the legitimate commercial aspirations of the landowner."

Lowther Estate Trust (LET) wrote a draft policy (Version 1: 15th March 2021) and circulated it to Penrith Town Council (PTC) and Eden District Council (EDC) on 15th March 2021 for their comment (**Appendix 1** of this letter). The landowners (LET and Lonsdale Settled Estates) have never received a written response from the PTC or EDC to this draft policy.

On 19th July 2021 a virtual meeting was held between LET, representatives of PTC and EDC. PTC verbally rejected LET's draft policy. PTC circulated their own draft policy. LET verbally rejected that policy.

On 27th July 2021, PTC held a meeting to consider, among other matters, Item 6 "Beacon Hill. To consider and approve a policy specific to Beacon Hill for inclusion within the Neighbourhood Development Plan." The agenda is at **Appendix 2** of this letter. Pages 6 to 17 of the agenda for that meeting are relevant. Appendix 1 is LET's preferred policy (albeit an earlier, similar version, dated 16th February 2021). Appendices 2 and 3 is PTC's preferred policy. Appendix 4 is a representation by the landowners, which is copied again at **Appendix 3** of this letter and explains, among other things, that the PTC draft policy lacks any commercial opportunities and is *more* restrictive than NP LGS policy 8 and Green Belt policy. The landowners' representation objects to the PTC draft policy and instead recommends using the LET draft policy "as the basis for a jointly agreed policy."

Draft minutes of the PTC meeting are at **Appendix 4** of this letter. It was resolved that:

i The policy for Beacon Hill be approved with some minor modifications for inclusion within the Neighbourhood Development Plan (attached to these minutes as an appendix).

ii. The policy be forwarded to the Independent Examiner for inclusion in the Penrith Neighbourhood Development Plan as a new policy.

The landowners object to the policy appended to the draft minutes, for reasons they have given earlier (**Appendix 3** of this letter). The draft PTC policy has been amended to list relevant Eden District Local Plan policies and PTC strategic priorities; however, none of these policies/priorities support the commercial aspirations of the landowners, which is to “support tourism”.

Since 19th July 2021, PTC has not contacted the landowners with a view to agreeing a policy. It is now clear that Penrith Town Council and the landowners are unable to agree a policy regarding Beacon Hill. Therefore, I recommend the draft PTC policy, which is not jointly agreed, is not the subject of a focused consultation facilitated by Eden District Council. Instead, I recommend you implement paragraph 12 of your Notes:

“if it is impossible to reach a jointly agreed position, then I need to be advised and I will continue with the examination of this issue, based on the respective positions as set out already and make appropriate recommendations.”

Yours sincerely,

Andrew Murphy BA (Hons) MSc MRTPI

DRAFT PENRITH NEIGHBOURHOOD DEVELOPMENT PLAN

Draft Policy – Beacon Hill East

Area NP14B (Beacon Hill East) will be designated as a Protected Open Space, by virtue of being:

1. In reasonably close proximity to Penrith town;
2. Demonstrably special to Penrith and holding a particular local significance because of its beauty, historic significance, recreational value, tranquillity and richness of its wildlife.

The land is suitable for development as defined by Eden District Local Plan Policy EC4 (tourism accommodation and facilities).

The Town Council resolved from 20 May 2019, until the next relevant Annual Meeting of the Council, that having met the conditions of eligibility as defined in the Localism Act 2011 and SI 965 The Parish Councils (General Power of Competence)(Prescribed Conditions) Order 2012, to adopt the General Power of Competence.

AGENDA FOR THE MEETING OF FULL COUNCIL 27 JULY 2021

PART I

1. Apologies for Absence

Receive apologies from Members.

2. Declarations of Interest and Requests for Dispensations

Receive declarations by Members of interests in respect of items on this agenda and apply for a dispensation to remain, speak and/or vote during consideration of that item.

ADVICE NOTE:

Members are reminded that, in accordance with the revised Code of Conduct, they are required to declare any disclosable pecuniary interests or other registrable interests that have not already been declared in the **Council's** Register of Interests. (It is a criminal offence not to declare a disclosable pecuniary interest either in the Register or at the meeting.) Members may, however, also decide, in the interests of clarity and transparency, to declare at this point in the meeting, any such disclosable pecuniary interests that they have already declared in the Register, as well as any other registrable or other interests. If a Member requires advice on any item involving a possible declaration of interest which could affect his/her ability to speak and/or vote, he/she is advised to contact the Monitoring Officer at least 24 hours in advance of the meeting.

3. Public Participation

Receive any questions or representations which have been received from members of the public. A period of up to 15 minutes for members of the public to ask questions or submit comments.

a) Receive public representations

The Chair will read out any questions, petitions or statements received in advance of the meeting from Members of the Public.

ADVICE NOTE:

Members of the public may make representations, answer questions and give evidence at a meeting that they are entitled to attend in respect of the business on the agenda. The public must make a request in writing to the Town Clerk PRIOR to the meeting, when possible. A member of the public can speak for up to three minutes. A question shall not require a response at the meeting nor start a debate on the question. The Chair of the meeting may direct that a written or oral response be given.

4. EXCLUDED ITEM: Public Bodies (Admissions to Meetings) Act 1960

Determine whether item/s should be considered without the presence of the press and public, pursuant to Section 1(2) of the Public Bodies (Admission to Meetings) Act, 1960, as publicity relating to that (any of those) matter/s may be prejudicial to the public interest by reason of the confidential nature of the business to be transacted or for the other special reasons noted in relation to that matter on the agenda.

5. Motion from Councillor Jackson supporting **'Together with Refugees'**

'How we treat refugees is about who we are. At our best, we are welcoming and kind to those facing difficult times. If any one of us feared for our lives or the lives of our loved ones, **we'd** want to know that others would help us to safety.

Through this motion and the campaign Together with Refugees we are calling for a better approach to supporting refugees that is more effective, fair and humane. This means standing up **for people's** ability to seek safety in the UK no matter how they came here and ensuring people can live in dignity while they wait for a decision on their asylum application. It means empowering refugees to rebuild their lives and make valuable contributions to our communities. And it means the UK working with other countries to do our bit to help people who are forced to flee **their homes.'**

As a Town Council it would be a positive statement if we could show our support to refugees. Penrith has welcomed families to live in the town, enabling those families to rebuild their lives, after escaping persecution and war. In July it will be the 70th Anniversary of the signing of the Refugee Protocol by UNHCR.

Councillor Jackson proposes that Penrith Town Council resolves:

- i To sign Penrith Town Council up to being part of the Together with Refugees campaign.
- ii That Penrith Town Council sends a letter to Neil Hudson MP to request that the rewriting of the Immigration Bill does not discriminate against refugees and ensures that refugees are treated fairly.

6. Beacon Hill

To consider and approve a policy specific to Beacon Hill for inclusion within the Neighbourhood Development Plan.

7. Next Meeting

Note the next meeting is scheduled for Monday 27 September 2021 at 6.00pm, with the venue to be determined.

PART II Private Section

There are no items in this part of the Agenda.

LINK TO COUNCIL PRIORITIES

Development of a Neighbourhood Development Plan for Penrith links to the strategic priority of Growth as set out in the **Council's** approved workplan.

1. Report Details

Background

- 1.1 Penrith Town Council is the qualifying body to undertake the preparation of a Neighbourhood Development Plan for the parish area. The area was designated by Eden District Council on 6 September 2016.
- 1.2 Work to commence development of a Neighbourhood Development Plan for Penrith commenced in May 2016 with approval of the Terms of Reference for the Penrith Neighbourhood Development Plan Group (PNDPG). The inception meeting took place in October 2016 with the group consisting of:
- Penrith Town Council
 - Cumbria Action for Sustainability (CAfS)
 - Penrith Action for Community Transition (PACT)
 - Penrith Chamber of Trade
 - Penrith Business Improvement District
 - Cumbria Youth Alliance
 - Churches Together
 - Newton Rigg as part of Askham Bryan College
 - Queen Elizabeth Grammar School
 - Ullswater Community College
 - Eden Arts; and
 - Eden Valley Artistic Network
- Support to the PNDPG was provided by the Town **Council's** planning consultant, Michael Wellock of Kirkwells Planning Consultancy and the Deputy Town Clerk.
- 1.3 Emphasis was put on '**front loading**' the community consultation process to engage as wide a range of local people and interested parties as soon as possible before the development of policies and proposals. This was to ensure that the views and priorities of local people informed the PNDP from the outset.
- 1.4 The initial consultation took place in Spring 2015 using a short video, electronic survey, paper survey and drop-in sessions including a stall at a town centre event. At this time all statutory groups and community groups in Penrith were invited to an event and asked to share the information and make a response. During this initial consultation period, Eden District Council released their '**Masterplan**' for Penrith which was a vision to build 8,500 new homes on land on the outskirts of the parish area
- 1.5 Having received all the responses from the consultation, the group met a number of times and agreed draft policies which were consulted upon further with stakeholders and the public in June/July 2018 and publicised through press releases to local newspaper and radio stations, on social media and in drop-in sessions. The draft documentation and questionnaire was made available online and in hard copy at the Town Council offices and Penrith Library. This was to ensure that residents were content that the document had covered all the issues raised during the initial consultation.

- 1.6 The formal public Regulation 14 consultation on the draft Neighbourhood Development Plan was carried out in accordance with the Neighbourhood Planning (General) Regulations 2012 from 4 February to 1 April 2019. The full documentation was shared on the Town Council website and the consultation publicised again in the local press, radio stations and through social media. A summary booklet was produced and along with a questionnaire posted to every residential household and business within the parish boundary. A number of drop in events were held in an empty premises within the town and in the two main supermarkets. The document was also sent to the statutory consultees.
- 1.7 Following this formal consultation, the PNDPG considered the responses and made slight amendments before submitting the draft NDP to Eden District Council who carried out the Regulation 16 Consultation. The Plan was submitted in December 2019 however due to Covid the formal consultation did not take place until 23 September to 23 November 2020. Beacon Hill was prominent in all consultation discussions throughout the process.
- 1.8 The submission of the Neighbourhood Development Plan proposal in accordance with Regulation 17 of the Neighbourhood Planning (General) Regulations 2012 were sent to an Independent Examiner (Mr John Slater BA (Hons) DMS MRTPI). Mr Slater provided initial observations on 13 January 2021 and a written response was returned in relation to representations made during the Regulation 16 Consultation.
- 1.9 A virtual public hearing, organised by Eden District Council on behalf of the Examiner, was conducted to hear oral evidence on certain matters on 9 February 2021. The hearing was open to the public and involved representatives from, and acting on behalf of, Penrith Town Council, Eden District Council and Lowther Estate Trust.
- 1.10 On 10 February, the Examiner issued his post hearing notes which stated that he was going to hold the examination in abeyance until he had received some additional information and mapping requested.

Beacon Hill

- 1.11 At the public examination held on 9 February 2021, there was a full discussion about whether Beacon Hill met all of the criteria required for designation as local green space as set out in paragraph 100 of the NPPF. This states that Local Green Space (LGS) designation should only be used where the green space is:
 - In reasonably close proximity to the community it serves;
 - Demonstrably special to a local community and holds a particular significance, for example because of its beauty, historic significance, recreational value (including as a playing field), tranquillity or richness of its wildlife; and
 - Local in character and not an extensive tract of land.

- 1.12 The Examiner was assured that the first two conditions were met however his key consideration was whether, at 40 ha, it was an '**extensive** tract of **land**'. If he concludes that it is then it would not meet all of the Secretary of **States**' policy on local green space which is one of the basic conditions.
- 1.13 The Examiner suggested during the meeting that rather than stretching the definition of LGS to secure protection of the wooded slopes, a possible option would be to look at developing a separate policy relating specifically to the area of the Beacon identified in the NDP (attached as Appendix 1) to protect the forest area so close to the town from inappropriate development yet which would not frustrate the legitimate commercial aspirations of the landowner.
- 1.14 The Examiner asked representatives from the Town Council, Lowther Estates and Eden District Council to explore the possibility of drafting such a policy which would then be presented to the Examiner, once formally agreed, as a possible recommendation to make in his final report.
- 1.15 The Examiner went on to say that if either party did not wish to engage in a discussion or if it is impossible to reach a jointly agreed position then he would continue with the examination based on the respective positions as already set out. He has also stated that any new policy is likely to be the subject of a further round of consultation.

Proposed Policy

- 1.16 Members of the PNDPG met on 25 February 2021 to review the request of the Examiner after which a meeting was held on 4 March comprising representatives of Penrith Town Council, Lowther Estates and Eden District Council who were facilitating the meeting. Lowther Estates presented their suggested policy (attached as Appendix 1) and the Town Council asked questions of the representatives of Lowther and listened to their suggestions for the Beacon.
- 1.17 Having heard that Beacon Hill was covered by Policy EC4 of the Eden Local Plan that already allows tourism accommodation and facilities, and having reviewed the comments made during the previous consultations on the PNDP, Planning Committee at its meeting on 12 April resolved that the Town **Council's Planning** Consultant be asked to draft a potential policy incorporating their suggestions to provide protection to Beacon Hill.
- 1.18 On 7 June 2021, the Planning Committee considered the draft policy drawn up for Beacon Hill which had taken into account all the responses received during the public consultations into the Neighbourhood Development Plan and EDCs Masterplan. It was resolved that the policy should be shared with Lowther Estates and their comments received prior to being recommended to Council for approval.

- 1.19 It is important to note that there is only one permissive path, which can be closed off at any time, provided by courtesy of the Landowners to the top of the Beacon, starting on Beacon Edge next to 35 Beacon Edge. All other tracks, including the one from Roundthorn, are private tracks.
- 1.20 A meeting was held with Eden District Council and the landowners on Monday 19 July to share the Town **Council's** policy (attached as Appendix 2). It should be noted that the proposed planning policy:
- is for the area identified from the beginning in the PNDP document (attached as Appendix 3), it does not include the commercial forestry area behind.
 - includes a list of developments that may be acceptable, subject to detailed planning proposals. They are not a list of requirements that the landowner is required or obliged to provide;
 - the word construction is used in relation to footpaths as a planning term. Any work to the surface of a footpath, including to replace/include steps or to shore up paths is counted as construction;
 - includes separate well screened permeable cycle tracks, separate to footpaths. Cyclists already use the area and are keen to continue to do so but for health and safety reasons it is desirable that they are separate
 - allows for the formation of a small suitably screened off road parking area at the southern end near Roundthorn as there have been numerous comments made regarding the parking on the verges and use of that road by heavy agricultural traffic.
- 1.21 The Town Council has stated that development proposals that would provide accommodation for overnight stays would not be permitted.
- 1.22 At the meeting held on 19 July, the representatives of the landowners stated that they would oppose the proposed policy being put forward by the Town Council as they felt that it was more restrictive than designating the area as LGS. The comments of the landowners are attached. (Appendix 4 to follow).

2. Finance Implications

There are no financial implications arising from this report.

3. Risk Assessment

Areas of Risk	Consequence	Controls Required
Financial	There are no financial implications.	
Members and Staff Capacity	There are no capacity issues, work is managed within the normal working week.	
Reputation Management	<ul style="list-style-type: none"> The policy being put forward covers the aspirations by different sectors of the community who contributed both to the NDP consultations and the consultation on Eden District Council's Penrith Masterplan. Members felt it was important to represent all the community wishes. There is the danger that the policy being put forward causes Lowther Estates to close the permissive path to the Beacon which goes across private land. 	Ensure that the views of the electorate of Penrith are represented and that relationships with Lowther Estates are maintained moving forward.
Recognition	That Penrith Town Council is not seen as wishing to protect Beacon Hill	Ensure that the public know that the Town Council very much wishes to protect the special aspects of Beacon Hill whilst respecting the views of the electorate.

DRAFT PENRITH NEIGHBOURHOOD DEVELOPMENT PLAN

Draft Policy – Beacon Hill

Area NP14 (Beacon Hill) will be designated as a Protected Open Space, by virtue of being:

1. In reasonably close proximity to Penrith town;
2. Demonstrably special to Penrith and holding a particular local significance because of its beauty, historic significance, recreational value, tranquillity and richness of its wildlife.

This land is located outside the settlement boundary of Penrith. The management of development within NP14 (Beacon Hill) should be consistent with “A Vision for Eden’s Rural Areas” as described by chapter 3.18 of the Eden District Local Plan. The land is suitable for small scale tourism development, as defined by Eden District Local Plan Policy EC4 (tourism accommodation and facilities). This land is not suitable for permanent residential accommodation.

MAP A POLICIES MAP

NP14 is given a different colour

The Policy 8 sites should be called “Local Green Space” rather than “Protected Green Space”

Version 1
16th Feb 2021

Penrith Beacon

Beacon Hill Protected Landscape Feature

Beacon Hill is a valued and prominent local landmark forming an elevated, wooded backdrop to the north-east of Penrith. The area identified on the Policies Map as PN14 (attached) will be a protected landscape feature and any new development will only be permitted when it clearly demonstrates that it conserves and enhances the **area's** existing landscape, character and function of this important woodland area.

The following types of development in principle may, subject to detailed proposals, be considered to be compatible with these aims:

1. the construction of narrow well screened permeable footpaths, including a permeable path suitable for disabled access to the top of the Beacon from the south eastern end of the site adjacent to the Roundthorn Hotel;
2. the erection of interpretation boards to provide information for walkers and other users;
3. the erection of a suitable open sided structure suitably screened that could be used as a forest school area by local schools and community groups;
4. the development of a forest art or sculpture trail;
5. the construction of narrow well screened permeable tracks suitable for cycling that are separate from footpaths; and
6. the construction of a small suitably screened off road parking area at the southern end of the site

Development proposals that would provide accommodation for overnight stays (e.g. chalets, pods or camping) will not be permitted.

Forestry operations involved in the maintenance and management of the woodland will be supported.

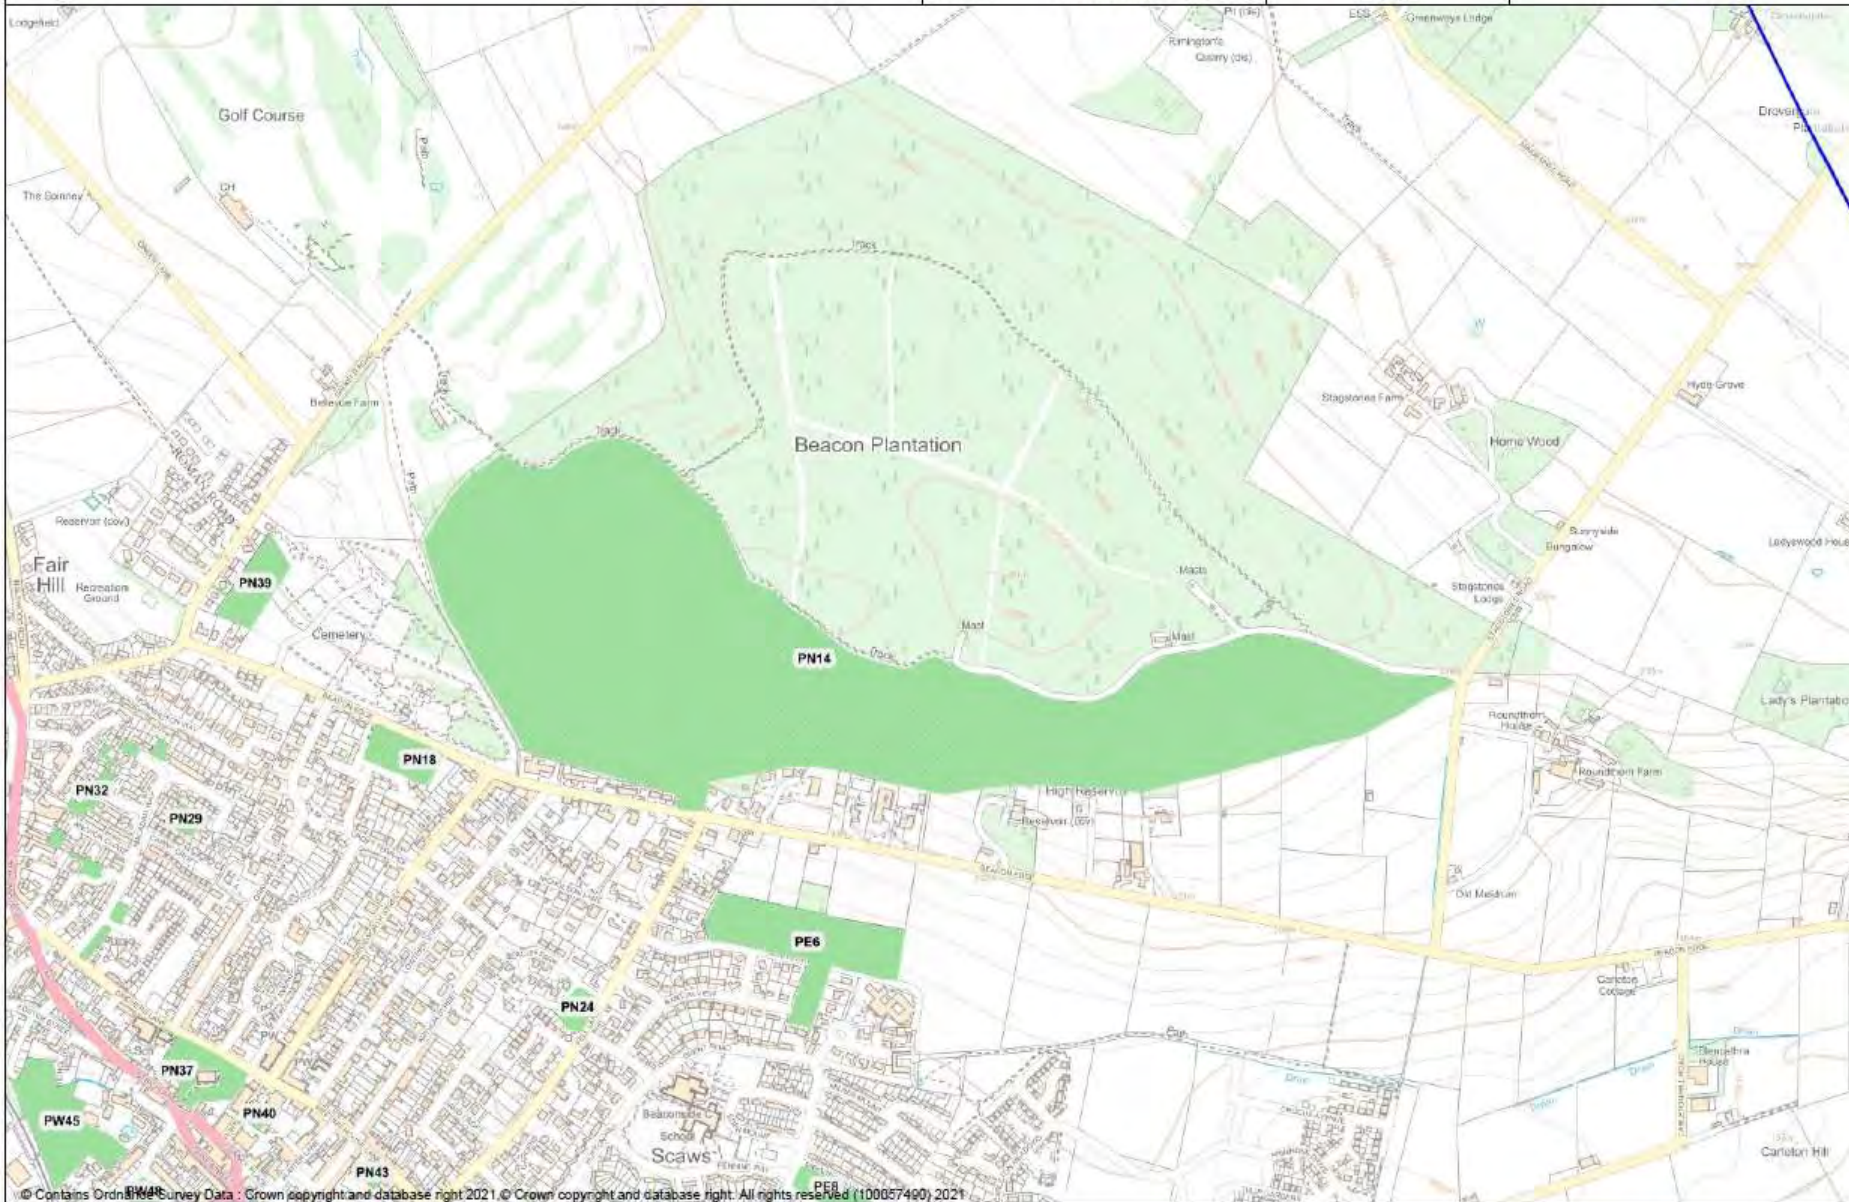

Background Justification

Beacon Hill is a most valued feature of the local landscape providing an elevated, attractive, distinctive and wooded backdrop to the north-east of Penrith. Beacon Hill is plainly visible from both short and long distance views from the northern and southern approaches to the town from the M6 and A6, the eastern approach along the A66 and from many feature locations within the town itself, such as the Railway Station and Castle Park. Rising some 286m (937 feet) above sea level to the north of the

town, Beacon Hill provides an unmissable wooded backdrop with a special place in local **people's** affections.

Beacon Hill is also home to Penrith Beacon, a monument built in 1719, on a spot where beacons have been lit in times of war and emergency since the time of Henry VIII. From here there are open views north and south across the Eden Valley and westwards to the Lake District National Park and UNESCO World Heritage Site.

The PNDP seeks to protect the landscape, character and function of the area of Beacon Hill identified on the Policies Map from development which would have an adverse impact on its intrinsic beauty. Currently used by local residents, and those from further away, for informal recreation, the access to the area is limited to one permissive path. The Town Council would like to pursue, with the agreement of the landowners, wider public access and better facilities for informal recreation such as walking, cycling, dog walking, and jogging. In addition, the Town Council would seek to work in partnership with the landowners to assist with applications to appropriate funding bodies to develop this area for the benefit of the community.

Representation from Lowther Estate Trust and Lonsdale Settled Estates

I represent the landowners of Beacon Hill – Lowther Estate Trust and Lonsdale Settled Estate. The landowners object to the draft policy “**Beacon Hill Protected Landscape Feature**”, for the following reasons.

1. Paragraph 10 of the **Examiner’s** Post Hearing Notes (10th February 2021) states: *“During the hearing I offered a possible alternative solution, that rather than stretching the definition of LGS in order to secure the protection of the wooded slopes of Beacon Hill, which the community clearly aspired to, one possible option would be to look as to whether a separate policy could achieve both the aspirations of the Town Council - to protect the forest area so close to the town from inappropriate development yet which would not frustrate the legitimate commercial aspirations of the landowner.”* This draft policy will frustrate the aspirations of the landowner to undertake small scale tourist development (further to Policy EC4 of the Eden District Local Plan) anywhere at Beacon Hill.
2. Policy items 1 to 6 are all community aspirations. An aspiration of the landowner for small scale tourist development limited to a minority part of Beacon Hill is specifically prohibited.
3. It is a **“Local Green Space”** policy by another name.
4. Measuring 41 hectares, it is an extensive tract of land and a blanket designation of open countryside.
5. It is more restrictive than draft NP Local Green Space policy 8. It includes the test of **“conserve and enhance”**, which is more commonly found in heritage policies. For example, Eden District LP policy ENV10 states *“The Council will require all proposals for development to conserve and where appropriate, enhance the significance of **Eden’s** heritage assets and their **setting**.”* This restriction is not appropriate for Beacon Hill, which lies in open countryside and outside a Conservation Area.
6. The draft NP policy 8 states *“Development of the designated Local Green Spaces must be consistent with national planning policy for Green **Belts**.”* NPPF Green Belt policy allows certain types of development (**“not inappropriate”**), set out in NPPF paragraphs 145 and 146. However, draft policy **“Beacon Hill Protected Landscape Feature”** will prohibit development otherwise acceptable in Green Belt. The proposed restriction is not appropriate for a site that is not National Park, AONB, Green Belt or Local Green Space.
7. It is unnecessarily prescriptive and ill-defined, referring to **“narrow”**, **“small”** **“open sided”**, **“suitably screened”**, **“southern end of the site”** etc. I suggest just mention paths and a car park.
8. Given the draft policy fails to recognise the commercial aspirations of the landowner, the policy is incompatible with the draft **policy’s** aspiration to improve public access and to **“work** in partnership with the **landowners”**. In other words, the community aspirations listed at 1 to 6 are unlikely to be delivered.

9. The draft policy does not list the relevant Eden District Local Plan policies to which it relates.

Instead, the draft policy for Beacon Hill written by the landowner and circulated to Penrith Town Council on 15th March 2021 should be the basis for a jointly agreed policy. It retains the majority (33.06 hectares) of Beacon Hill as Local Green Space, as originally intended by the draft Neighbourhood Plan. The minority part (9.59 hectares) would be suitable for development as defined by Local Plan policy EC4, which is the current situation. That draft policy is mentioned in paragraph 1.16 and copied at appendix 1 of the PTC agenda (27th July 2021). The agenda does not explain if and why the landowners draft policy has been entirely rejected by the Town Council. None of its elements have been taken forward into the Town **Council's** later alternative policy copied at agenda appendices 2 and 3.

Paragraph 12 of the **Examiner's** Post Hearing Notes (10th February 2021) states *"if it is impossible to reach a jointly agreed position, then I need to be advised and I will continue with the examination of this issue, based on the respective positions as set out already and make appropriate recommendations."* Does the Town Council still believe it is possible to reach an agreed policy? If not, then I suggest both parties inform the Examiner as soon as possible.

For example, Eden District LP policy ENV10 states *“The Council will require all proposals for development to conserve and where appropriate, enhance the significance of **Eden’s** heritage assets and their **setting**.”* This restriction is not appropriate for Beacon Hill, which lies in open countryside and outside a Conservation Area.
6. The draft NP policy 8 states *“Development of the designated Local Green Spaces must be consistent with national planning policy for Green **Belts**.”* NPPF Green Belt policy allows certain types of development (**“not inappropriate”**), set out in NPPF paragraphs 145 and 146. However, draft policy **“Beacon Hill Protected Landscape Feature”** will prohibit development otherwise acceptable in Green Belt. The proposed restriction is not appropriate for a site that is not National Park, AONB, Green Belt or Local Green Space.
7. It is unnecessarily prescriptive and ill-defined, referring to **“narrow”**, **“small”** **“open sided”**, **“suitably screened”**, **“southern end of the site”** etc. I suggest just mention paths and a car park.
8. Given the draft policy fails to recognise the commercial aspirations of the landowner, the policy is incompatible with the draft **policy’s** aspiration to improve public access and to **“work** in partnership with the **landowners”**. In other words, the community aspirations listed at 1 to 6 are unlikely to be delivered.

9. The draft policy does not list the relevant Eden District Local Plan policies to which it relates.

Instead, the draft policy for Beacon Hill written by the landowner and circulated to Penrith Town Council on 15th March 2021 should be the basis for a jointly agreed policy. It retains the majority (33.06 hectares) of Beacon Hill as Local Green Space, as originally intended by the draft Neighbourhood Plan. The minority part (9.59 hectares) would be suitable for development as defined by Local Plan policy EC4, which is the current situation. That draft policy is mentioned in paragraph 1.16 and copied at appendix 1 of the PTC agenda (27th July 2021). The agenda does not explain if and why the landowners draft policy has been entirely rejected by the Town Council. None of its elements have been taken forward into the Town **Council's** later alternative policy copied at agenda appendices 2 and 3.

Paragraph 12 of the **Examiner's** Post Hearing Notes (10th February 2021) states *"if it is impossible to reach a jointly agreed position, then I need to be advised and I will continue with the examination of this issue, based on the respective positions as set out already and make appropriate recommendations."* Does the Town Council still believe it is possible to reach an agreed policy? If not, then I suggest both parties inform the Examiner as soon as possible.

MINUTES FOR THE MEETING OF THE
FULL COUNCIL
27 July 2021

PTC21/47 Apologies for Absence

Apologies for absence were received from Cllr Knaggs, Snell, Fallows.

Councillor Burgin had given his apologies at the previous meeting of Council.

PTC21/48 Declarations of Interest and Requests for
Dispensations

Members were asked to disclose their interests in matters to be discussed whether disclosable pecuniary or other registrable interest, and to decide requests for dispensations:

Councillor Donald declared that he was a member of the Penrith Refugee Network.

Councillor M. Clark declared that she was a member for Eden District Council South Ward.

Councillor Lawson declared during the meeting that he was a member of the Friends of Penrith Beacon.

PTC21/49 Public Participation

a) Public Representations

Members were asked whether they were content to suspend the Council Standing Orders and allow Mr Dawson representing the Friends of Penrith Beacon to speak during Agenda item 6.

RESOLVED THAT:

The Standing Orders be suspended, and Mr Dawson be permitted to speak for a period of up to three minutes as part of Agenda Item 6, Beacon Hill.

The Deputy Town Clerk read out the following question received by Keep Penrith Special.

'Keep Penrith Special's campaign team strongly supports Penrith Town Council's creation of a policy to protect Beacon Hill from development.

While supporting the policy in principle, we have some suggestions for wording changes that we consider would make the policy more robust and we have detailed these in a separate letter to the council.

We are deeply concerned that the policy is proposed to cover only a section of Beacon Hill, not the greater area to the north whose terrain would be more

suitable for development. We have concerns that any development here would be the thin end of the wedge for development spilling out into the surrounding fields, and crucially into those on the Eden Valley side as was once marked out on the Masterplan. Development here would mean the loss of nearly everything this policy is trying to protect: the cultural and iconic significance, the views to and from the Beacon, flora and fauna, woodland character, and so on.

On that basis, we ask the Town Council if they would consider going further and find ways to protect the *entirety* of Beacon Hill. Otherwise, this policy merely protects the wellbeing of the local community and even that is not a certainty being dependent on the goodwill of the **landowners.**'

Councillor Jackson responded as follows:

'I would like to thank Keep Penrith Special for their question.

Throughout the Neighbourhood Plan process and consultations, Penrith Town Council has given great consideration to the Beacon as it was obvious it held a very special place in the affections of the residents of Penrith and the surrounding area. The size of the whole area was always of concern as Local Green Space has to meet the criteria for designation as set out in the National Planning Policy Framework which states that it should not be an extensive tract of land. The Town Council agreed that the area for inclusion in the Neighbourhood Development Plan should **be the 'front'** of the Beacon away from the commercial forestry although there was always concern about the size at 45 ha.

At this point the Independent Examiner has accepted that the area included by the Town Council is demonstrably special although he has expressed concern about the size of the area. This is why he asked the Town Council to explore the development of a policy specifically for the area without frustrating the commercial aspirations of the landowner. The examiner would not accept extending the area beyond that already **identified**'.

PTC21/50 EXCLUDED ITEM: Public Bodies (Admissions to Meetings) Act 1960

Members were informed that there were no items on the agenda that should be considered without the presence of the press and public, pursuant to Section 1(2) of the Public Bodies (Admission to Meetings) Act, 1960.

NEW BUSINESS

PTC21/51 Motion from Councillor Jackson supporting **'Together with Refugees'**.

Members were asked to consider a motion from Councillor Jackson requesting that the Council signs up to being a member of the Together with Refugees Campaign and that the Council writes to the MP Neil Hudson to request that the rewriting of the Immigration Bill does not discriminate against refugees.

Cllr Lawson joined the meeting at 18:17.

Cllr Hawkins joined the meeting at 18:20.

RESOLVED THAT:

- i. The Council signs up to be a member of the Together with Refugees Campaign.
- ii. The Council sends a letter to Neil Hudson MP to request that the rewriting of the Immigration Bill does not discriminate against refugees and ensures that refugees are treated fairly.

PTC21/52 Beacon Hill

Members were asked to consider and approve a policy specific to Beacon Hill for inclusion within the Neighbourhood Development Plan as recommended by the Town **Council's Planning** Committee.

Members received a presentation from a representative of Friends of Penrith Beacon.

The Deputy Town Clerk read out a statement from Keep Penrith Special.

RESOLVED THAT:

- i. The policy for Beacon Hill be approved with some minor modifications for inclusion within the Neighbourhood Development Plan (attached to these minutes as an appendix).
- ii. The policy be forwarded to the Independent Examiner for inclusion in the Penrith Neighbourhood Development Plan as a new policy.

PTC21/53 NEXT MEETING

Members noted that the next meeting of Council would be held on 27 September 2021 at 6.00pm with the venue to be determined.

POLICY - Beacon Hill Protected Landscape Feature

Beacon Hill is a valued and prominent local landmark forming an elevated, wooded backdrop to the north-east of Penrith. The area identified on the Policies Map as PN14 (attached) will be a protected landscape feature and any new development will only be permitted when it clearly demonstrates that it conserves and enhances the existing landscape, character and function of this important woodland area.

Proposals for development within the area identified on the Policy Map should conserve and enhance the recreational value (including the extent of public access), biodiversity value, heritage and cultural value, woodland character, important views (to and from the Beacon) and contribution of the area to a wider landscape character and sense of place.

The following types of development in principle may, subject to detailed proposals, be considered to be compatible with these aims:

1. the construction of narrow well screened permeable footpaths, including a permeable path suitable for disabled access to the top of the Beacon from the south eastern end of the site adjacent to the Roundthorn Hotel;
2. the erection of interpretation boards to provide information for walkers and other users;
3. the erection of a suitable open sided structure suitably screened that could be used as a forest school area by local schools and community groups;
4. the development of a forest art or sculpture trail;
5. the construction of narrow well screened permeable tracks suitable for cycling that are separate from footpaths; and
6. the construction of a small suitably screened off road parking area at the southern end of the site

Development proposals that would provide accommodation for overnight stays (e.g. chalets, pods or camping) will not be permitted.

Necessary forestry operations involved in the maintenance and management of the woodland will be supported.

Background Justification

1. Beacon Hill makes an important contribution to the character of Penrith and the surrounding area. It is an iconic and most valued feature of the local landscape providing an elevated, attractive, distinctive and wooded backdrop to the north-east of Penrith and provides important recreational and wellbeing opportunities for local residents and visitors.
2. Beacon Hill is an unspoilt green space and wildlife area, plainly visible from both short and long-distance views from the northern and southern approaches to the town from the M6 and A6, the eastern approach along the A66 and from many feature locations within the town itself, such as the Railway Station and Castle Park. Rising some 286m (937 feet) above sea level to the north of the town, Beacon Hill provides an unmissable wooded backdrop with a special place in local **people's** affections.
3. Beacon Hill is also home to Beacon Tower, a Grade 1 listed monument built in 1719, on a spot where beacons have been lit in times of war and emergency since the time of Henry VIII. From here there are open views north and south across the Eden Valley and westwards to the Lake District National Park and UNESCO World Heritage Site.

The PNDP seeks to protect the landscape, character and function of the area of Beacon Hill identified on the Policies Map from development which would have an adverse impact on its intrinsic beauty. Currently used by local residents, and those from further away, for informal recreation, the access to the area is limited to one permissive path. The Town Council would like to pursue, with the agreement of the landowners, wider public access and better facilities for informal recreation such as walking, cycling, dog walking, and jogging. In addition, the Town Council would seek to work in partnership with the landowners to assist with applications to appropriate funding bodies to develop this area for the benefit of the community.
